In our continuous commitment to involve parents/guardians in One-Tablet-Per-Child Project, the Digital Literacy Directorate is coordinating with the Heads of Primary Schools through the Digital Literacy Support HODs and teachers to organise information meetings in every Primary B/C school, where parents/guardians of **Year 4** students are invited to participate.

The aim of these **evening** sessions is to help parents understand the benefits of this educational tool, how they could support their children, and to ask any questions that may arise in relation to the tablet pedagogy and digital literacy.

All sessions start at 18:00 and will last for an hour. Parents are being asked to attend the venue of their school college. For these sessions, parents/guardians are invited to bring the Learnpad tablet with them.
