Term 2- January 2022

Dear Parents/guardians

We would like to welcome you for the second term. Students are expected to return physically to school on Monday 10th January 2022. We thank you for your cooperation in the last three months and hope for further collaboration in the coming months.

The school will be following ALL the procedures that were in place in the first term. These include:

- No mixing of class bubbles
- Wearing of masks with the exception on Kindergarten students IN CLASS
- Seating at 1.5m distance
- Regular sanitizing
- Staggered breaks, entrance, and dismissal
- Fit for school notes for ALL absences from school (unless school is informed beforehand)
- Fit for School note if child is picked up early from school due to sickness

Furthermore, due to the number of staff in quarantine, some classes may need to continue to operate online if there are insufficient educators. The school will be doing its best to keep all students at school. In extreme cases, the school will be informing parents by SMS to switch to online learning. We will be doing this as early as possible. We fully understand your situations but obviously, the school cannot operate without sufficient educators.

It is highly recommended that children are kept home if anyone in the household is unwell and has been advised to get swabbed until the result of the swab test of the person in question is received. Let us try and think of each other and respect each other more in the coming months.

In the coming days students are receiving appointments for their vaccinations. Kindly send us a copy of the appointment to excuse your child from school.

All correspondence including Quarantine notifications and Vaccination appointments should be sent on mrc.naxxar.pr@ilearn.edu.mt

We fully understand that these are difficult times and we might get frustrated more easily. However, we believe that if we work together, we can make our lives easier.

Renzo Galea
Head of School
