

# Kindergarten 2 students – transition to Year 1

We strongly believe that helping your kids with the skills below during the summer holidays will help them thrive next scholastic year:

- Scissoring skills;
- A good tripod grip;
- Knowing how to write their name;
- Being able to put on the school jacket and closing its zipper;
- Wearing their school bag;
- Opening and closing one's bag, pencil case, lunchbox and water bottle;
- Recognising the numbers, shapes and possibly the Maltese letters.
